Church Demands British Gov't Call General Election

Canadian Wheat Up 18 Cents

Devaluation Raises Agreement Price To Top of \$1.98

LONDON, Sept. 28.—(CP)—The International Wheat Council announced today that the maximum price for Canadian wheat under the international wheat agreement will be \$1.98 a bushel in Canadian currency for No. 1 Manitoba Northern in bulk at Fort William, Port Arthur and Vancouver.

The minimum price for the crop year 1949-50 is \$1.85. The step was taken following devaluation of the Canadian dollar. The announcement said if the present relationship between the United States and the Canadian dollar remains unchanged the basis for the minimum prices for succeeding years of the agreement in Canadian currency will be \$1.94 in 1950-51, \$1.93 in 1951-52 and \$1.92 in 1952-53.

Previously the top price was \$1.80 a bushel. The previous minimum price was \$1.50 a bushel in 1948-49.

HE'S DETERMINED TO BE STREAMLINED

MADISON, Wis., Sept. 28.—(AP)—Fifty-eight pounds of fatty tissue were cut from the abdomen of a 450-pound Rook Falls, Ill., man in a rare 21-hour operation here yesterday. The patient was Albert W. Bartels, 45, and his condition is good. His operation was described as a liposuction.

Bartels once weighed 700 pounds. He lost 250 pounds following a reducing program but excess tissue remained.

Five Men Sought In Forgeries Here

Five men are being sought by city police in connection with a series of cheque forgeries which have cost city stores almost \$14,000.

Starting yesterday afternoon and Monday the men cashed 14 cheques in large downtown stores.

Four of the men are believed to be in the city. The fifth man is believed to be in the vicinity of Calgary.

The fifth man, signing as James A. Clark, claimed to be an employee of the national park at Jasper.

Cheques cashed by the first four have been signed Kenneth Miller, Albert S. Cunningham, Ernest Keen and Arnold Bell. They are forgeries of pay cheques issued by the Bonanza Construction company and are made out on a cheque-writing machine.

The following description of the men is given by Detective Frank Kingzett, city police specialist in cheque investigation.

DESCRIPTIONS GIVEN

"The 'parks employee' is 5 foot 10 or 11 inches, thin face, slimy complexion, slender, brown wavy hair, wearing dark brown suit.

"Age about 25, dark hair parted and brushed back, wearing sports shirt and dark tie.

"Age about 25 or younger, similar general description, small moustache, blonde French or Italian hair, wearing dark suit.

"Age about 20, wearing sports clothes, a 'tail red haired kid'.

"Age about 30, small, wearing working clothes.

Response was terrific, and the woman was hired in one day.

Devaluation Said National Disaster

By R. H. Shackford
United Press Staff Correspondent

LONDON, Sept. 28.—(UP)—Winston Churchill denounced devaluation as a "disaster" today and demanded an early general election to give the British people a chance to oust the Labor government.

"The hour is grave," the Conservative leader and wartime prime minister told the House of Commons. He ripped into the Socialist regime with all the vigor of his famous wartime speeches.

Chaired wildly when he rose to speak on the second day of debate on devaluation Churchill said three things called for quick action: the financial crisis, the party conflict, and the atomic bomb.

"Over all these looms the atomic bomb which the Russians have got before the British, though happily not before the Americans," he told the tense house and the jammed galleries.

Churchill placed the full blame for Britain's plight on what he called the Socialist government's squandering of the country's resources.

"We are brought to the verge of national and international bankruptcy," he said.

"The blunt, hard, simple conclusion remains—devaluation cannot be a good thing, and we have suffered a serious disaster."

He said he would have set the pound free on the world markets to find its own level.

Tolling off one by one his indictments of the labor regime, Churchill warned that Britain now would have to draw on "the spirit and carcass" to win back the same amount of food and other commodities.

CAN'T BE DONOR

"We are not in a state of health to become a donor," he said, "on a large scale at the present time."

"We are already a blood donor on a tremendous scale through our unrequited exports."

Devaluation, he said, in its effect on European and sterling cur.

Pitre Woman Is Remanded For Hearing

QUERBEC, Sept. 28.—(CP)—Mrs. Arthur Pitre, the mystery woman in the Quebec airlines disaster of Sept. 9, today was arraigned on a charge of attempted suicide and was remanded for preliminary hearing Oct. 6.

She was brought before Judge Lacombe who is presiding over this morning from the Quebec women's jail where she was questioned last night about her part in the alleged bomb plot which resulted in destruction of the airliner and 23 persons aboard.

Mrs. Pitre, dismissed from hospital last Friday after treatment for an overdose of sleeping tablets, has admitted she was the mystery woman who carried a parcel to the airliner the day it took off. Police claim the parcel contained a bomb made of dynamite and a time bomb which blew the plane up.

Led from police headquarters at a late hour last night for her transfer to the women's jail on Chemin St. Roy, Mrs. Pitre acknowledged and tried to dodge a battery of photographs who had been waiting for her for more than eight hours.

Break-in was discovered at 7 a.m. this morning by Art Beatty, an employee.

Between two and three thousand dollars in cheques were left untouched by the safecrackers, said traffic manager Wray Campbell today.

Loss is covered by insurance. Police state the safe is the first of its kind in the city for about two years. Previous safe crackings have been accomplished by "punching" knocking off lid and hammering out apertures securing the door.

First safe blowing job in city for about two years last night victimized Motor Truck Express, 10602-96 street. Examining charred quilt used to muffle explosion is traffic manager Wray Campbell. Small damage done to safe indicates work of experts. Fingerprint investigation by police specialist Ken Murray indicates safe crack was done by finger.

INVASION? NO, JUST VARSITY AGAIN

BREAKING UP SHOW at Varsoson theatre last night were 1,500 students who marched through theatre in snake dance. Its all part of "Fresh Week" when new Varsity students go through hazing. Show resumed after interruption.

Snake dance, by freshmen of University of Alberta, ended last night when students, after plugging traffic and marching through two movie houses, returned to campus for sock dance.

Harmless Bedlam Rules As Varsity Frosh Parade

Organized bedlam broke loose on Edmonton's south side last night when about 1,500 University of Alberta students snake-danced through the streets.

The hazing procession started in the University campus after a pep rally for some 700 freshmen.

Clapping hands and cheering wildly the students took two theatres and a dance hall by force of numbers.

TRAFFIC HALTED
Traffic flow from the high level bridge and along 82 avenue was virtually stopped for the better part of an hour by the crowd.

After being whipped into a frenzy by five dancing cheerleaders and being briefed by senior Duke McCreary, chairman of the freshmen introduction committee, students left the University grounds.

Proceeding down 82 avenue, the massive line tried to buck traffic across the high level bridge for a crack at Jasper avenue.

Traffic stacking upon the narrow bridge forced the students back to the south side where they took vengeance on passing motorists.

TROLLEYS HALTED
Street cars and trolley buses became fair prey when the student attacked several and pulled down their trolley poles.

Novice drivers at the Garneau and Varsoson theatres came under head of the students when they marched through both places.

NO INTERFERENCE
Lack of police interference was noticeable and students weren't bothered during the entire session. No one was injured in the dance and property damage—except for scuffed shoes and sharp tempers—was nil.

Students wound up back on the campus to finish the evening with a sock dance.

Strike Called Off
ROME, Sept. 28.—(Reuters)—Italian seamen last night called off a strike which has held up shipping at Italy's main ports for 20 days.

Budget Upped \$70½ Millions

OTTAWA, Sept. 28.—(CP)—Finance Minister Abbott today tabled in the Commons further supplementary estimates covering proposed expenditures of \$70,521,900 for the 1949-50 fiscal year.

The amount was for expenditures unforeseen when the original estimates were drawn up last year. It brought total estimated expenditures for the current year which ends March 31 next to \$2,343,298,281.

Expenditures in the 1948-49 fiscal year were approximately \$2,190,563,482.

AGRICULTURE MOST
The largest amount in the further supplementary was for the agriculture department, which added \$11,318,064. A total of \$12,000,000 of the amount will be used to pay freight advance on the movement of western food grains.

The work department earmarked \$16,700,684 for projects in various parts of the country.

Other departments asked for smaller amounts. Under the loans and investments section, there was an amount of \$4,500,000 proposed as a loan to the CBC to help it meet capital costs in the development of television in Canada.

U.S. Excludes City Teacher

Former Edmontonian professor, Glen Shortliffe, now of Kingston, Ont., has been refused entry to the U.S. to join teaching staff of Washington University in St. Louis.

But Queen's University, which had granted him leave of absence to teach in the U.S., has re-suspended the 35-year-old professor to teach language.

The CCP party member was told by U.S. immigration service some weeks ago he had been temporarily excluded "as a person whose entry is deemed to be prejudicial to the public interest of the United States."

Said board chairman G. M. Blacklock, who presided at last night's hearing in recent month. "We're reasonably sure we can have the decision by then."

And besides there was a little explaining to do.

"It has right major jobs to push or pull, and a assorted water and pressure pumps, once you light her up with a match."

"It's fast to say that driving it is a waste of time. The time is never passed in boredom or pre-occupation with scenery."

"Another thing is that when

EASY WAY Employers' Needs Can Be Satisfied

Employers seeking employees are missing a good bet if they don't use Bulletin want ads.

Naturally, a businessman doing business in the city would want to employ a worker with whom he'll be satisfied, and the way to ensure this is to have as many applicants as possible to choose from.

That's where Bulletin want ads come in.

For instance, a city firm advertising capital costs for a year-long plant wanted for warehouse work.

Response was terrific, and the woman was hired in one day.

Try Bulletin want ad. Phone 42111.

Milk Delivery Decision Soon

Year-long controversy on whether Edmonton should have six or seven-day milk delivery will be settled next week.

Decision of the Board of Public Utility Commissioners will be made and announced by Monday or Tuesday of next week.

Said board chairman G. M. Blacklock, who presided at last night's hearing in recent month. "We're reasonably sure we can have the decision by then."

you light the engine, flames about a foot high, blue and intensely hot, keep from a kind of huge circular heater. In a few minutes the heat is so great that it scorches you.

"Once lighted, there can be no hanging about. You have decided to go for a spin and you are committed to it."

Nitroglycerine Used To Loot Office Safe

Yeggs last night escaped with \$380 from a city office after blowing up a safe with nitroglycerine.

Entry was gained by the thugs into Motor Truck Express Co. 10602-96 street, by sawing through spikes on a window and removing the screen.

Police said the safe, which was in the front office, was taken to a house in the rear where it was blown.

The job has all the earmarks of being done by professional "punks," said police.

Enough nitroglycerine was used only to crack the lock and break the inside door, they said.

Break-in was discovered at 7 a.m. this morning by Art Beatty, an employee.

Between two and three thousand dollars in cheques were left untouched by the safecrackers, said traffic manager Wray Campbell today.

Loss is covered by insurance. Police state the safe is the first of its kind in the city for about two years. Previous safe crackings have been accomplished by "punching" knocking off lid and hammering out apertures securing the door.

It Happened TODAY

Armed Forces

Russia's probable possession of the atom bomb was mentioned by Canadian Defence Minister Duffin, who said that the Reserve Army by 20 per cent in the next year. The minister disclosed that the Reserve Army now totals 30,000, second largest in history of the nation.

Great Britain

Britain may have exterminated the goose that lays economic golden eggs but she's now helping to preserve Canada's new goose. Artist-architectologist Peter Scott says he will bring a bill of Canadian new geese to England where they will be cared for and bred to save species from extinction.

Strikes

Monahela residents anxiously await federal court ruling on motion of striking longshoremen for injunction prohibiting Territory of Hawaii from operating the water front. If the strike is broken, the longshoremen will be allowed to work and the longshoremen will be allowed to work.

Espionage

Sam Carr has reached the end of his appeal route and must serve his six-year sentence for conspiracy to forge a Canadian passport in connection with Russian spy ring activities in Canada. Carr's counsel, Toronto criminal lawyer Joseph Sedwick, announced after loss of appeal on behalf of Carr to Supreme Court of Ontario: "We can't go any further."

Lotteries

Justice Minister Carson is keeping mum over reported intention of Premier Dupuis to operate a provincial lottery in Quebec. Dupuis says money would be used for education and health. Carson says he has no information other than that appearing in newspapers. Lotteries are against federal law.

Politics

Liberal George Crutchkankas of Fraser Valley likes to needle the fellow-MPs about having too many lost weekends. He sarcastically asked in Commons if Government or CNR is considering purchase of special train for convenience of Ontario and Quebec members. Many Ontario and Quebec MPs leave for home Thursday and don't return until Tuesday.

Saskatchewan CCF party thinks an election probe conducted by Chief Justice J. T. Brown is too much like a father and son banquet. Party has asked chief electoral officer to replace Chief Justice Brown as commissioner investigating June 27 general election in Regina city won by Liberal Dr. E. A. McCusker. Election is made on grounds that son of candidate asked for Dr. McCusker.

People
Wife of Rudolf Hess, Hitler's one-time deputy, has been asked to denounce court has ruled. She has been asked to denounce in light of her lowest classification of offender, and fined only \$60.

The Nation

Canada's Prime Minister will at last have an official residence, according to the Ottawa Journal. Paper reports Government is going to make alterations to a large, old-fashioned grey stone house on Sussex street, near residence of Governor-General, and highly-placed members of diplomatic corps. Home-borne for Prime Minister is valued at \$1,000 and is now used by Australian Government.

Appeal Abolition Gets 3rd Reading

House Approves Principal Over PC Delaying Tactics

OTTAWA, Sept. 28.—(CP)—The Commons has put its stamp of approval on the principle of a government bill aimed at abolishing appeals to the judicial committee of the Privy Council in London.

The approval—its not unanimous—was given yesterday after members rejected a Progressive Conservative amendment that would have shelved the legislation for six months to permit further study of the bill's likely effects on the rights of provinces and the provinces.

Wheat Price Up 18 Cents

(Continued from Page 1)
The maximum and minimum price for wheat based on the value of No. 1 Manitoba Northern wheat in Canadian currency at the party of March, 1949.

BASIS UNCHANGED

The basis for the maximum price remains unchanged throughout the four years of the agreement while the minimum is adjusted downward each year.

A council spokesman said the change did not necessarily mean the Canadian farmer will get more for his wheat. That is a matter for the Canadian government to decide, he said.

The international agreement price against the Canadian price is based on the value of No. 1 Manitoba Northern wheat in Canadian currency at the party of March, 1949.

The four-year plan, designed to stabilize the world's wheat price, provides for exchange of \$30,000,000 of wheat annually. Canada will provide 25 per cent of the wheat.

The agreement does not affect existing contracts such as the one between Canada and the United States for the purchase of wheat.

The international pact provides that if an exporter and importer agree, any previous agreement will be considered a part of the new agreement, regardless of price differences.

The international Wheat Council was formed to administer the agreement. It consists of representatives of all countries which have ratified the accord.

Churchill Calls For Election

(Continued from Page 1)

Churchill expressed amazement at Sir Stafford Cripps' attitude on devaluation. He suggested that Cripps should resign in the face of it unless he thought the government would not last long.

Labourites interrupted repeatedly as Churchill drove home his points. It was unusually noisy session.

At one point when a Labourite complained about Churchill's attitude on Cripps, he retorted:

"I pick my own opinions with care, and I have a large selection of them."

He said Cripps' opposition to a free pound was expected, since it is obvious that anything that is free and largely uncontrolled is obnoxious to the Socialists.

He referred to 1931, when Britain went off the gold standard, and said it was the "last time we had a crisis of confidence."

An uproar from the Labour benches prompted him to remark: "You laugh, but you had little to laugh at in 1931."

The timing of the step was obviously wrong, Churchill said. The drastic alteration in the exchange rate, if necessary, should have been left until the crisis broke upon us.

It should have been taken in anticipation of it.

He said Cripps finally was forced "highly-pedigreed into action."

"Ordinarily people find it difficult to understand how a man of his knowledge and reputation for integrity should have turned out as he has," he said.

He said Cripps finally was forced "highly-pedigreed into action."

He then called a roll of complaints against the government.

"The Socialists have used up every national asset and reserve upon which they could lay their hands," he said.

He said Cripps finally was forced "highly-pedigreed into action."

He said Cripps finally was forced "highly-pedigreed into action."

2 Robbers Sentenced For Morinville Theft

Two bank robbers were sentenced to a total of eight years in prison when they pleaded guilty in police court yesterday to the \$4,500 robbery at Morinville, August 23.

They are Jean Lamoureux and Philip A. Vachon, both originally from Quebec.

Lamoureux was sentenced to five years in Prince Albert penitentiary. Vachon will serve three years.

Others charged
In company with three other men, alleged to be Gaston Hérault, Paul Lesay and Joseph Alphonse Bourgeois, they broke into the Savings and Credit Union at Morinville and removed the safe containing \$4,500 in cash and \$100 in cheques.

Hérault, Lesay and Bourgeois have elected for trial in supreme court.

In police court yesterday Corporal Hill, RCMP, told how the month-long investigation leading to the arrests stretched over Alberta and west to Vancouver.

SOME LOOT FOUND
In safely deposit boxes in an Edmonton bank they recovered \$1,400 deposited in the names of Lamoureux and Vachon, Corporal Hill testified.

Corporal Hill related how the men hired a "U-drive" to drive from Edmonton to Morinville. Before returning the car they had it washed to prevent detection of dust or road surface material which could show the car had been in the Morinville district.

FORMER CONVICTION
Lamoureux admitted a conviction for housebreaking at the age of 19 in Montreal. He was sentenced to three years for the offense.

Vachon admitted one conviction in British Columbia.

The five men are believed to have flown to Edmonton from Vancouver. They are suspects in connection with three safe cracks at Stony Plain, August 6.

Bourgeois, believed to be originally from Legat, Alta., was arrested September 19 at Whitecourt.

The four were arrested two weeks ago at Calgary.

Grenade Kills Four
SAIGON, Indo-China, Sept. 28.—(Reuters)—Four persons were killed and 10 badly injured Sunday when a grenade was thrown into a crowd outside a movie theatre at nearby Cap Saint-Jacques.

GIBSON GIRLS of Edmonton's Friendship Club paraded in full regalia last night as group held regular meeting at Recreation Commission building. Reminiscent of Gay Nineties, fashion show went over in big way with club members who divided evening between bingo and cakes and tea. Gibson Girls are Mrs. Mary Erickson, Mrs. Anna Edgar, Mrs. Mabel Johnston in front, and Mrs. H. Dean, Mrs. J. E. Wilson and Mrs. R. E. Halstone in rear.

BRIDE AND GROOM were portrayed by Friendship Clubbers L. H. White and Mrs. F. H. Richards as group cavorted at Recreation Commission building last night. Youngest member of club is 50, oldest 83. They gather two or three times weekly for bingo, handicrafts and sandwiches. Recreation isn't only for young, they say.

School Board Told to Move

Now the Edmonton Public School Board is looking for a place to live. It's being evicted from city hall after 24 years, to make room for the new civic town planning department.

Notice to vacate present quarters in the Civic Block was received from city commissioners and read at a school board meeting yesterday.

The board will have to vacate the board room in about two weeks, but won't have to clear the board offices until Sept. 1, 1950.

Commissioners' letter suggested the board might use the market building for office space and hold meetings in the city council chamber. It was suggested at yesterday's meeting that a separate office building be erected for the board on board property adjacent to the old technical school.

It was moved that a committee be formed to survey the alternative quarters suggested by the city. In the meantime, architect W. W. Hutchart will draw up rough plans for a building.

New Block

Erection of a 24-room rooming house by P. Hinzay, 10052 96 street, was authorized today by the city building inspector's office. It will contain two private suites and eight single rooms. Fred Macdonald is architect and Hanna Construction are contractors.

BUDD KNAPP

Portrayed the role of a newspaper reporter in a thrilling film drama entitled, "Killing Time," which is being shown at the Regent Theatre tonight at 7:30 o'clock.

Officials Praise Open Air Church Series and Theme Behind It Commendable, Hooke Says

Provincial officials and city welfare workers say the Church of the Open Air does help to build a better community.

They were referring to the open air service sponsored by the Rev. H. A. Hooke, minister of the Westside Drive-In Theatre on 126 street.

Last in a series of three services will be held Sunday afternoon at Westside Theatre on 126 street under the auspices of the United Church and Anglican denominations.

Services have been sponsored by leading religious groups in the city. Minister of Economic Affairs, Hon. A. J. Hooke, commented:

"The series and the thought behind it is certainly commendable. It is more people in the world who stop for a few minutes each day for prayer we wouldn't be so GLAD-HANDERS

Edmonton Chamber of Commerce is making good a promise given to Westside Theatre during last year's Peace River Goodwill tour.

When Westside was ready to open its new hotel, a delegation from the capital would be in attendance.

Today A. L. Burrows, president, J. A. Tupper, vice-president, and Don Mackay, executive secretary, left Edmonton to attend the opening ceremonies in Westlock.

Civic administration forces are back to strength today with the return to their desks of the city engineer, city architect, and city airport manager.

J. D. A. Macdonald, acting city engineer, returned after a holiday and business trip to Banff and points in the northern United States.

Max Dewar, city architect, is back after attending the 27th annual meeting of Pacific Coast Building Officers Association.

Which he is an executive member. James Bell, airport manager, returned from an extended vacation trip to the United Kingdom.

"Yes, I saw pretty well all of it," he reported.

Completing a familiarizing tour of British, J. S. Graham, district traffic and sales manager, TCA, returned to Edmonton today. Prior to travelling to England he attended convention of TCA executives at Kellic Lodge, Nova Scotia.

BUSY MAN One of busiest men on the University campus these days is Reg Lester, superintendent of the three varsity residences. This being registration week, he has about 400 students and male students all moving into the residences at once.

He had enough having a small-size town moving in on him like that, but the picture is complicated by the fact that most of the arrivals are freshmen, teen-agers who have hardly ever been away from home and are green as grass to group living.

"Openers saw substitute Tony Verdi battle to a draw with bad-kick Wallack.

RETURNERS

Completing a familiarizing tour of British, J. S. Graham, district traffic and sales manager, TCA, returned to Edmonton today. Prior to travelling to England he attended convention of TCA executives at Kellic Lodge, Nova Scotia.

Which he is an executive member. James Bell, airport manager, returned from an extended vacation trip to the United Kingdom.

"Yes, I saw pretty well all of it," he reported.

Noted City Doctor Dead

Prominent City Physician, Dr. J. B. Mackay, 11613 125 street, died in city hospital yesterday.

Widely regarded in medical circles as an outstanding specialist in internal medicine, he was clinically insured with the University of Alberta medical faculty during the past years.

The doctor conducted lectures on heart and lung diseases to medical students until taken ill recently.

Born in Halesburg, Scotland, Dr. Mackay received his medical education in Scotland. He interned in various English hospitals and for some years practiced as a ship's surgeon before coming to Canada.

In 1912 he established his first practice at Kitcoo, and in 1919 moved to Provost.

He came to Edmonton in 1923. Dr. Mackay is survived by Mrs. Mackay and one son—Dr. Alastair Mackay of Edmonton—as well as four sisters and three brothers.

Funeral services will be held at 2 p.m. tomorrow at the funeral home of J. B. Mackay, 11613 125 street.

Slash Fire Rages Over 300 Acres On Vancouver Is.

VICTORIA, B.C., Sept. 28.—(CP)—A slash fire fired out of control yesterday near Jordan River on Vancouver Island. At last report it had spread over more than 300 acres.

More than 30 men are fighting to stem the blaze, which already has consumed an unknown amount of forest and timber on the Milligan logging operations.

Fires reported in other parts of Vancouver Island all were under control.

MASSED CHOIR Mixed choir from both churches will be present, with Ruth Cullen as soloist.

Children Rev. Bainbridge has prepared a special story.

Canon O'Brien will deliver the sermon entitled "God and You."

Explaining his theme, Canon O'Brien said, "It is an individual relationship with God that moulds a better community."

Services will be held in the afternoon at the Drive-In Theatre west of Edmonton on 51st Plain Road.

Radio station CFPS will rebroadcast the service later in the evening. Last week's service was not broadcast due to the lateness of the service which started at 9:15 p.m.

Hit and Run Proves Costly

Falling to stop at the scene of an accident cost an Edmonton motorist \$50 and a six month suspension of his driver's license in police court today.

Herman Trojer, 906-101A avenue, was arrested last night following an accident on 65 street and Rowland Road.

When questioned by police Trojer said he failed to stop at the scene of an accident on 65 street when he struck another parked car, but didn't think anything of it.

RCAF Officers Attend Trenton Ceremonies

Several top-ranking RCAF officers from North West Air Command leave today for dedication ceremonies at the RCAF station at Trenton, Ont.

The services will commemorate the part played in the Second World War by the British Commonwealth Air Training Plan.

Edmonton officers included in the flight are:

Air Vice Marshal Hugh Campbell, CBE, air officer commanding North West Air Command; Air Vice Marshal K. M. Gaultier, CBE, former AOC here; Air Vice Marshal George Howsam, retired, and Group Capt. C. A. Davidson, retired.

Joining the group will be Group Capt. J. A. Easton, group commander No. 12 RCAF Station Vancouver; Air Vice Marshal A. B. Shearer, retired, Vancouver. At Trenton the flight will pick up Air Commodore Martin Connolly, tactical group commander.

The dedication ceremony, which takes place Friday, will feature presentation of memorial gifts.

Donors are from the three Commonwealth countries which linked up Canada in the air training plan.

Presenting the gifts will be: Hon. Arthur Meighen, British secretary of state for air; Hon. Francis M. Byrne, Australian high commissioner to Canada; and Hon. James Thorne, New Zealand high commissioner to Canada.

Prime Minister Louis St. Laurent will accept the gifts on behalf of Canada.

Stag Night Stag night will be held Friday at 8:30 p.m. in Kilgornoch Legion by members of Lions Club. Program includes three men wrestling.

Red Cross Seeks Bank Employee

Former Edmonton bank employee is being sought by the Red Cross. He is Christian Jacob Stofen, who worked in Edmonton as a bank employee.

Anyone knowing his present address should contact Red Cross headquarters, 608 Taylor Building, Edmonton, Phone 26402.

Program includes three men wrestling.

DALE CARNEGIE COURSE

- Effective Speaking
- Leadership Training
- Human Relations
- Basic Salesmanship
- How to Win Friends and Influence People
- Memory Training For Men and Women

New Classes Forming for Sept. 30 & Oct. 7

What YOU will do in the Dale Carnegie Course

- You will meet twice a week for seventeen weeks at one of a group of adults for training by certified Dale Carnegie instructors.
- In the first session you will talk about such topics as your business or profession.
- As the course progresses you will be shown how to select subjects and talk with animation and enthusiasm.
- You will be given a sure-fire formula to help you plan and construct your speeches.
- You are shown how to take an active part in meetings and to become a person of more importance.
- You will be constantly drilled in the fine art of winning friends and influencing people.
- You will be taught how to apply the rules for overcoming fear and shyness.
- You will be given intensive memory training—remember names, faces and facts.

Special Classes Conducted for

- Individual Companies or Group of Companies.
- Executives and Department Heads.
- Service Clubs—Men's and Women's Organizations

Who Enrolls for the Dale Carnegie Course

- Accountants
- Bookkeepers
- Business Executives
- Civil Service
- Employees
- Clerks
- Drivers
- Druggists
- Engineers
- Foremen
- Housewives
- Insurance Men
- Lab. Leaders
- Merchants
- Office Managers
- Salesmen
- Shopkeepers
- Secretaries
- Service Club
- Stenographers
- Superintendents
- Teachers
- Technicians
- Warehousemen
- Workmen

1st Session Meeting

FRIDAY, SEPTEMBER 30

CORONA HOTEL, 6 P.M.

You are cordially invited to the first session of the course. No charge (except for dinner, \$1.25). You will find the program intensely interesting, educational and helpful. Fill in the coupon and mail NOW.

The only Official Dale Carnegie Course in Edmonton

Dry Spells Cut Canada Harvest

Nova Scotia, Manitoba Crops Above Average

By Canadian Press

Long dry spells in most sections of Canada this summer mean crop yields will be below those of 1948.

Nova Scotia, the outstanding exception, went to the other extreme with farmers harvesting their best grain crops in history. And the province's apple crop is expected to be of the highest quality ever.

Manitoba, too, had a better-than-average yield which might have reached record-breaking proportions except for a midsummer heat wave.

Harvesting is still under way in many sections of the country so final crop figures are not yet available but a Canadian Press survey shows final yields for the country as a whole will be well below those of last year.

The farm labor supply this year was the best in almost a decade. Wages generally were slightly lower than last year.

A long dry spell just before the harvest damaged Newfoundland's principal crop, hay.

Nova Scotia is experiencing a boom year with yields of all crops reaching record highs.

New Brunswick's grain harvest is slightly better than average, but lower than last year's boom yield.

DROUGHT IN QUEBEC

A midsummer drought brought August bush fires to Quebec which reduced the province's farm yields but final harvest figures are expected to be only slightly lower than last year's \$200,000,000.

Ontario's 1949 crop season featured high temperatures and abnormally low rainfall in all but northern sections. Poor growing conditions caused premature ripening and reduction in the size of fruit. However, vegetable growers benefited from abundant rainfall late in the season.

Manitoba had a better-than-average wheat crop with the harvest in central and northern sections of the province expected to be \$8,000,000 bushels, or an average of 38.6 an acre of No. 2 Northern wheat. Heat in late June and in July reduced the yield.

BASKATCHEWAN DOWN

The total yield in Saskatchewan is expected to be slightly lower this year than last. Of 15,700,000 acres sown to wheat this year, 4,000,000 will yield less than five bushels an acre. In 1948, only 600,000 acres produced less than five bushels.

The quality of this year's crop is below that of last year's. The farm price of wheat is expected to be about \$1.50 a bushel in the country's principal wheat provinces. Alberta is harvesting a much smaller crop than last year's. Of about 6,500,000 acres sown to wheat farmers are averaging 12 bushels an acre as compared with an average of 17½ in 1948.

Nfld. Seeks Free Harbor

ST. JOHN'S, Nfld., Sept. 28.—(CP)—Council for Canadian railways questioned points in the brief of the Newfoundland government today as the Royal Commission on Transportation started the second day of its three-day session here. The brief, presented yesterday, recommended improvement of Newfoundland's railway to the standard of lines on the mainland and also study of the possibility of opening one or more national ports and feasibility of a free port in the province.

Throughout its references to water transportation, the brief brought up the idea of a free port, a port where ships can enter, load and unload without paying excise taxes. Goods in such a port can be processed within the area of the port, stored or reshipped without import and export duties being imposed.

Mortier Bay was singled out as a possible site for such a port. Situated on the east side of the Burin peninsula not far from the town of Burin, Mortier Bay is about halfway along the south coast between Port Aux Basques, the present Newfoundland terminus of the Sydney, N.S.-Newfoundland ship service, and St. John's.

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—Young tenor Mario Lanza returned from an appearance tour to find good news—it's just about set for him to portray Caruso.

Studio execs have told the singer that details are being ironed out for obtaining the life story of Caruso, to whom he has been compared. Lanza is the fair-haired boy since his month-long tour on behalf of "That Midnight Kiss."

"It was the biggest thrill of my life," Lanza enthused on his return. He told of receiving a hero's welcome to his home town, Philadelphia. His first chore was to sing to a gathering that included President Truman. The president had to leave before the entertainment and apologized to Lanza before the throng.

Later the Philadelphia mayor escorted Lanza to his old neighborhood, which was decorated with huge portraits of the young tenor. Local boy made good on a big way.

KEY QUESTIONS

Here we go again. After watching the sights of San Francisco and the tides at Malibu, I'm back observing the wonders of Hollywood. Some of them being: wonder to whom Elizabeth Taylor will be engaged now; wonder if they'll ever make "Born Yesterday" wonder what Sam Goldwyn will say next?

Speaking of Elizabeth Taylor, she is one of my favorite pastimes. It's interesting to learn that the next works in a film with Montgomery Clift. Note Clift has been Miss Taylor's screen idol. Added note: Clift is single. Or am I beginning to sound like one of the gossip columnists? Red Skelton was asked on the "Yellow Cab Man" and if he hadn't lost some pounds. "Yes, it's true," he answered. "But then, I've got a lot of English investments."

The Morse code was adopted by universal agreement in 1838.

APPOINTED Honorary Colonel Commandant of the Royal Canadian Infantry Corps is Brig. Sherwood Lett of Vancouver. Defense Minister Clouston announced appointment at annual meeting of Canadian Infantry Association in Ottawa last night.

Many plants produce, in addition to ordinary open flowers, blossoms which remain closed but still produce fruit.

ENJOY THE THRILL OF DRIVING

"The New Thrill!"

A PRODUCT OF GENERAL MOTORS

THE "RIDE THRILL"

Everywhere they're saying, "How'd it come—how can a car ride so smoothly?" We can tell you part of the secret is in Oldsmobile's Rigid X-member Frame, cushioned on great deep coil springs at every corner . . . its needle-bearing universal joints and double-acting shock absorbers. But most important of all, there's the miracle-smooth power of Oldsmobile's new Big Six Engine, now even more powerful and smooth than ever before!

THE "STYLE THRILL"

You don't have to own an Oldsmobile to enjoy this thrill! Just to watch the lovely profile of a Futuramic Beauty roll by on the road will give you a lift. But only the owner can experience all of Oldsmobile's "Style Thrill" . . . not just that fleet-flowing first-glance smartness, but the painstaking perfection of every last detail, outside and in. You'll enjoy that beauty more and more through all the years you proudly drive your Futuramic Oldsmobile!

CONTROL OF VOLUME, TONE ALLOWED BY AID

New hearing aid which permits the user to adjust the instrument to his own needs will be on sale in Edmonton this week.

The model was developed by the Zenith Radio Corporation of Chicago, and features a full range audio circuit and selective tone control.

The circuit enables the wearer to adjust both volume and tone to his own liking.

One position produces amplification of the full range of sounds covered by the instrument. Another gives an extra boost to high frequency tones and cuts down

low tones. A third amplifies medium frequencies, and the fourth emphasizes lows and cuts down high tones.

Altogether there are seven positions of volume control, plus a safety threshold limit in the instrument to prevent strong blasts of sound from reaching the ear.

The model, complete with batteries, weighs slightly more than six ounces, and measures less than three inches square. It is available for air or bone conduction hearing aid users.

Its construction makes it adaptable to any type of hearing loss.

FRUSTRATED ARTIST?

Police are seeking a paint-brush wielding prowler who last night smeared four cars with paint.

All the cars were parked in the 11700 block on 96 street.

Victims of the destructive prankster were:

D. A. Stafford, 11730-96 street, Miss M. Dixon, 11738-96 street, Walter Suprunal, 11740-96 street, J. Cook, of New Brunswick, a guest at 11719-96 street.

When smuggling was prevalent between France and England, dogs were trained to convey the goods.

SPEEDING SALESMEN LOSE DRIVER'S PERMITS

Two Edmonton travelling commercial men had their driver's licenses suspended in police court yesterday when they pleaded guilty to speeding charges.

They are Robert Harvey, 9702-130 street, and Percy Davis, 34518 Stony Plain road.

In addition each was fined \$50 and costs.

A representative of the Alberta Motor Association, appearing for the pair, asked Magistrate J. W. McCulla to reconsider his decision to suspend the licenses on the grounds that the men needed their cars in their business.

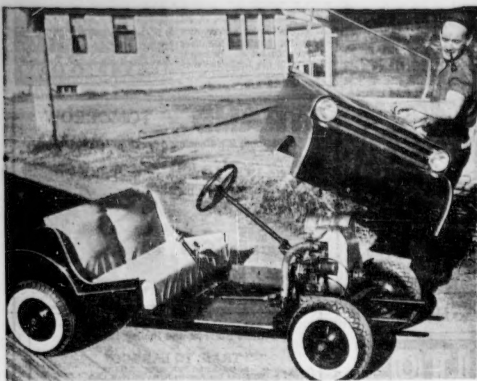

"No, they are not going to be driving for the next few months," replied the magistrate.

"They won't be working for the next few months," commented the A.M.A. official.

Harvey was clocked at 55 miles an hour. His license was suspended for six months.

Davis was said to have travelled at between 45 and 50, and lost his license for three months.

LOS ANGELES, Sept. 28.—(AP)—Smoke from forest fires threatened the sky last night in parts of California, Oregon, Washington and Idaho. At least one fire-fighter was killed.

PARALYZED 16-year-old soon will be driving this specially constructed midget car around Dawson Creek. Built for him at a cost of \$450 by A. M. "Al" Davey of 11935-97 street, car will go 35 miles an hour. All controls are built on one lever, making it possible for paraplegic to drive with ease. Davey worked on tiny car for year.

Miniature Car Designed For 16-Year-Old Cripple

By John McLean
Bulletin Staff Reporter

Al Davey wiped his brow and grinned.

"Done," says Al. "All done."

And just to prove it, Al stepped into the tiny car, pulled a cord in enormous motor fashion and drove off down the street.

When he pulled up again by his tiny garage workshop, he gave out with the facts and figures on his "Davey Special."

Al built it for a 16-year-old paraplegic in Dawson Creek.

Paralyzed from the waist down, the lad is confined to a wheel chair. But young John Bowie, who showed his wheel chair, he'll be driving around Dawson Creek in Al Davey's hand-operated chariot.

For Davey, of 11935-97 street, has built a tiny gasoline-driven car which young Bowie can operate with his hands.

It taken Davey more than a year to build.

For 14 months he has been awaiting the miniature creation be started in answer to a mother's plea.

When Mrs. J. R. Bowie of Dawson Creek read about Al Davey's midget car in The Bulletin, she wrote this paper in the desperate hope he might be able to build a car her crippled son could drive.

The car will be shipped to young Bowie this week. By early next week, the lad should be driving around-Dawson Creek in his hand-painted car, changing gears, applying the brake with one hand, steering with the other.

Ontime parkinghouse butcher, Al Davey has built a unique automobile. One lever operates gears, brakes and throttle. A four-horsepower Cummins engine pushes it along at speeds up to 35 miles an hour.

The steering wheel is off an aircraft. The wheels were meant for wheelbarrows.

It's going to cost young Bowie \$500.

And Al says he's losing money on it.

"Maybe I could market the car for \$500," he says, "but I told them I'd make it for \$450, to \$450 in it."

Built of steel frame, the little car is covered with hush veneer. A leather seat is big enough for two. There's a tiny trunk in the rear.

"And it will go 35 miles on a gallon of gas," says Al.

Just 45 inches high, the car is three feet wide and seven feet long.

But here's the rub: Al isn't sure whether it should be classed as a car or a motorcycle.

"They can figure that one out when the lad buys his license plates."

\$1000 Fine Is Retracted

A Colinton district farmer won't have to pay \$1,000 fine.

Elimination of the fine from the sentence of Andrew Beida, convicted of reckless driving last February, was ruled by appellate division of the supreme court yesterday.

Verdict of the jury and remainder of the sentence were upheld, however—six months in jail and forfeiture of driver's license for one year following release from jail.

Frank Dunne, of the legal firm of Maclean and Dunne, acted for the appellant.

Charge against Beida arose following death on Oct. 27, 1938, of Geo. Vallant, who lived on St. Albert trail. Vallant was in his car from injuries suffered when he was thrown out of the back of Beida's truck when the truck sideswiped a car.

FURNITURE RESCUED BY NEIGHBORS

Fire last night destroyed a combination garage, workshop and chicken house at 13803-97 street.

The building is behind the house of Donald R. Calkin, of that address.

Neighbors broke into the Calkin home to remove furniture when they feared the intense heat would set fire to the house.

Return Ships

WASHINGTON, Sept. 28.—(BUP)—Darius yesterday agreed to return to the United States by December 1, three ice breakers and 27 frigates obtained under lend-lease during World War II.

Implement Rate Increase Opposed

Federation Of Agriculture Seeks Commodity Ruling

OTTAWA, Sept. 28.—(CP)—The Canadian Federation of Agriculture today opposed before the Board of Transport Commissioners a proposal by Canadian railways to hold rates on farm implements shipped to the prairies from central Canada.

The rate increases sought by the railways would be in addition to general freight-rate increases totalling more than 30 per cent granted by the board in the last two years.

CASE ARGUED

The case, involving special rates in effect since 1919 on agricultural implements moving from central Canada to the prairies, was argued today by representatives of farmers, manufacturers and farm-implement dealers.

Freight rates on such products, according to railway officials, will jump anywhere from 4 to 22 per cent if the rail companies are allowed to enforce increases. Largest increases would be at Winnipeg, with smaller increases to other prairie points.

The special rates were brought in by the railways back in 1919. Last December, the railways ignored the special rate, meaning that farm implements come in at higher rates. Protests from interested associations caused the rate-

board to suspend the increase until a hearing had been held.

The hearing, which handled the main briefs of the railways and the interested opponents but not their opposing views, was adjourned until Oct. 14.

The case revolves around whether or not the rates in question come under the terminology of "competitive rates." Competitive rates are those which have been depressed to meet competitors either from other rail lines or other transportation systems.

If the railways can show the 1919 rates are "competitive" rates, they need not justify their action in raising them, since they are entitled to jump such depressed rates up to the point of the general maximum freight-rate laid down by the board.

Crux of today's hearing was the argument by other interested bodies that the rates were not in this category, but were "commodity" rates. If these interests are successful, it will be up to the railways to show that the proposed new rates are justified.

DEAF SINCE BIRTH, this little girl utters a squeal of delight as she recognizes word transmitted through earphones of auditory training unit at teachers' home in Des Moines. Youngsters who have lived in world of silence are being taught to say "Mommy" and "Daddy" and for first time hear barking dogs and sound of train whistle.

Hourly Votes Raises For Postal Workers

WASHINGTON, Sept. 28.—(AP)—The House of Representatives yesterday overwhelmingly voted pay raises of about \$100 million a year for some 300 thousand United States postal employees.

The Senate has not yet acted. The bill provides a flat raise of three

\$150 yearly for all employees, added holidays and further increases for workers with long service.

Pay Increased

WASHINGTON, Sept. 28.—(UP)—The house yesterday unanimously passed and sent to the White House a bill providing for a \$302,000,000 pay raise for the armed forces.

Love Is the Key, Says Christian Scientist

An interesting lecture on Christian Science was delivered to an appreciative audience in the Masonic Temple Tuesday evening by Elizabeth Carroll Scott, CSB, of Memphis, Tennessee.

"In a world that has lost its bearings, Christian Science," given to the world by its Discoverer, Founder, and Leader, Mary Baker Eddy, offers a well-charted course," said Mrs. Scott.

In God alone can support and comfort and security be found—in God, as revealed in Christian Science, the changes, the eternal, the beneficent.

In the Christian Science textbook, "Science and Health with Key to the Scriptures," its author, Mary Baker Eddy, gives us certain synonyms for God.

In her book "The First Church of Christ, Scientist, and Miscellaneous," she says, "In their Christian Science," its author, Mary Baker Eddy, gives us certain synonyms for God.

Science and Health with Key to the Scriptures, its author, Mary Baker Eddy, gives us certain synonyms for God.

Science and Health with Key to the Scriptures, its author, Mary Baker Eddy, gives us certain synonyms for God.

Science and Health with Key to the Scriptures, its author, Mary Baker Eddy, gives us certain synonyms for God.

MAN BREAKS JAIL TO SHAVE

CLATON, Okla., Sept. 28.—(UP)—Under Sheriff Ben Alton, searching for an escaped prisoner, found the man at home.

"I didn't run away," the prisoner told Alton today.

"My beard was beginning to bother me and I came home to shave."

strated, all their problems will be solved, for he who loves God and is at one with Him will unfailingly obey the Scriptural command to love his brother also. Where there is love, there is no need of human laws to protect or arms to defend.

Love is the key to happiness, our passport into the kingdom of God. Love is more than mere kindness, though those who reflect it must express kindness. It is more than mere affection or good will, though it includes both affection and good will. It is greater than any quality or series of qualities which go to make it up. It is the nature of the Holy One, the incomparable Father-Mother God.

Blaze In Electric Train Injures 150

TOKYO, Sept. 28.—(Reuters)—About 150 passengers were injured, 40 severely, when a crowded carriage of an electric train burst into flames yesterday between Osaka and Kyoto. Passengers with their clothing afire jumped out of the doors and windows when the train stopped.

City Man Is Conciliator

CALGARY, Sept. 28.—(CP)—David Matheson of Edmonton, member of the provincial board of industrial relations, has been appointed conciliator in negotiations between the National Union of Fire Boilers (C.I.C.) and Alberta Bituminous Coal Operators, T. A. McCloy of Calgary, provincial C.C.I. director, announced today.

The union, which recently was certified as bargaining agent for all fire boilers employed at Alberta bituminous coal mines, is seeking a settlement in that conflict with the better local of the fire boiler union which is certified with the domestic coal operators.

Negotiations between the bituminous coal operators and the fire boilers began last week but were discontinued when it was decided to apply for conciliation.

City May Take Over Hospital

MEDICINE HAT, Sept. 28.—(CP)—A plebiscite on converting the General Hospital here into a civic institution will be taken at the Dec. 22 municipal election, city council decided Tuesday night at a special meeting with hospital trustees.

It was estimated by one trustee that the 180 deficit might be up to \$50,000, about to about four mills on the tax rate.

THIS IS PLAYMATE NONE WOULD WANT

VANCOUVER, Sept. 28.—(CP)—It shouldn't happen to a zoo attendant.

An 11-foot python, which apparently wanted to get away from it all, played hide-and-seek in Stanley Park here and even had the police on its trail.

It was first thought the reptile had been stolen from its cage. But a search unearthed the snake: it had crawled into a hole under a water tank.

Said zoo keeper Frankie Beebe: "The python was in a place where he couldn't possibly have gotten to—but there he was."

Canada's Oil Output 91 Pct. Ahead of 1948

OTTAWA, Sept. 28.—(BUP)—Canadian oil production for the first six months of this year was 91 per cent above the 1948 level at 242,000 barrels, the Bureau of Statistics said today.

This was some 30 per cent higher than production for the whole year 1948. However, it still left Canada a long way to go before she can be self-sufficient in oil because domestic consumption in 1948 amounted to over 800,000 barrels. The increase was almost entirely the result of oil discoveries in northern Alberta, the bureau explained. Production at Leduc for the first six months was nearly four times as great as in the same period last year at over 4,700,000 barrels. The Redwater field was now a producer a year ago, but in 1948 it yielded over 1,500,000 barrels.

VALLEY FALLING

However, production at the famed Turner Valley field near Calgary continued to fall, standing at 1,500,000 barrels compared with the 1948 figure of 2,320,000. Oil production for the month of June was one per cent below that in May, but 64 per cent higher than in June, 1948, the bureau said. It amounted to over 1,700,000 barrels, with the Alberta fields accounting for 1,500,000.

The output of natural gas in June continued the downward trend recorded since the beginning of the year, it was said. However, the six months total was still slightly higher than that a year ago, amounting to nearly 32,000,000 cubic feet.

Pipeline Route Choice Told

FORT WILLIAM, Sept. 28.—(CPI)—Oliver B. Hopkins, vice-president of Imperial Oil Limited, said yesterday the cost factor had led to a decision to terminate a multi-million dollar oil pipeline from Alberta to Superior, Wis., rather than take the Canadian route through the United States. He told a joint meeting of Fort William and Port Arthur industrial committees that the Canadian route would have been 120 miles longer, would cost \$10,000,000 more, would require an extra pumping station, and would cost an extra \$400,000 a year to operate.

EASIEST ROUTE

Mr. Hopkins also said that the company wanted to complete a major portion of the line by next fall and "the only way to do it is to take the easiest route." He said engineers had found that the Canadian route would be difficult to get through because of bush, mineral rock and lakes. Other company officials with Mr. Hopkins were G. L. Stewart, president, H. H. Hewson, chairman of the board, and J. R. Wain, vice-president.

BRIDGE

Slam Made Against Opening Two-Bid

By William E. McKeeney
Today's hand was sent to me by Mrs. A. Fay of Knoxville, Tenn., because she thought it was unusual. I think you will agree that making a slam against an opening two-bid is unusual.

Very soon I plan to run a series of articles on Fred L. Karpis's responses to the two-bid. Most of the good players today use ace-showing responses to two-bids, but

after the first response, there is some guess from there on, which Karpis's new bid will help to eliminate.

Today's hand is an ideal one for a two-bid, because South would like to find out whether or not his partner holds the ace of hearts or ace of diamonds. West elected to bid two spades, rather than double. Now what should North do?

If he were using ace-showing responses, North could not bid three hearts because that bid would signify that he held the heart ace. Many players would agree that North should have jumped to four hearts, but in this case he simply bid three hearts.

When East bid three spades, South used the Blackwood four no trump convention. North certainly did not have a double of five spades—undoubtedly he doubted on his partner's bidding. South made a nice layout in bidding six clubs. East also made a very nice bid of six spades. After doubling five spades, North certainly should not have doubled six, since his opponent had bid six despite his first double.

West had no problem at all in the play of the hand. He did not even have to ruff the heart, as it could be discarded on diamond's ninth diamond. This seven-card was made against an opponent who had opened the bidding with a genuine forcing two-bid.

Scandinavian Airlines Up Rates To America

STOCKHOLM, Sept. 28.—(Reuters)—Scandinavian air lines will increase their North Atlantic passenger and freight rates by about eight per cent following devaluation of the krona, the company announced yesterday.

To obtain a transparent toilet soap, sugar, honey, or alcohol is added during manufacture.

U.K. to Get Apple Gift

OTTAWA, Sept. 28.—(BUP)—Approximately \$300,000 worth of Canadian apples will be shipped to Britain this year, half of them as a federal gift, Agriculture Minister James G. Gardiner revealed yesterday.

The minister said a minimum of 600,000 barrels would be sent from

Nova Scotia, and 435,000 boxes from British Columbia. These represent the largest post-war shipments of Canadian apples to the British market, which had been dwindling. Gardiner indicated that half of the apples will be a free gift to Britain, with the federal treasury meeting the cost. Returns to the growers will total \$2,000,000, of which the British government forked over \$1,200,000 and the Canadian government the balance.

Deaths Yesterday

By The Canadian Press
QUÉBEC — Louis Kaestli, 78, chairman of the Quebec Surreal Heart committee—a religious body active in promoting the Roman Catholic faith.
HARTWOOD, N.Y. — Arthur Clarke, 78, former news editor of the New York Herald Tribune.
TORONTO — Donald McDonald, 82, former Ontario deputy minister of game and fisheries.

Bank Chief Is Optimistic

CALGARY, Sept. 28.—(CPI)—I. Eugene of Toronto, president of the Bank of Nova Scotia, is optimistic about business conditions generally and Canada's future. "I don't care what they say about recession, conditions are very good," he said yesterday in an interview.

EDMONTON BULLETIN, Wednesday, Sept. 28, 1948

"There should be a leveling off in prices but I can see no major recession."
"And as for Canada, I foresee double the population in 10 to 25 years, built up with immigrants who can help develop this country."
The bank president said he planned to visit every branch in Alberta during his tour of the west. He left today for Lethbridge.

The first photograph was taken in 1877 by Thomas Edison.
Reds Years Behind In Atom Development
NEW YORK, Sept. 28.—(AP)—Gen. Walter Bedell Smith, American United States ambassador to Russia, says he believes it will take the Russians 10 years to catch up with the present stage of U.S. atomic bomb development. Smith made the estimate last night in addressing a meeting of army reserve officers.

ML Pennant Race Tightens As Pittsburgh Stops Cards

NEW YORK, Sept. 28.—The National league pennant race became as torrid as the American whirl last night when St. Louis Cardinals dropped a 6-4 verdict to Pittsburgh Pirates.

Bowling left the Cards with a one-game margin over the idle Brooklyn Dodgers. Both clubs have four games to play, with the Bums from Flatbush slated to go in against Boston and St. Louis meeting Pittsburgh today.

Rookie outfielder Tom Saffell was the hero as the Bucs dropped the Cards last night. He socked a homer with the sacks loaded as Pittsburgh scored five runs in the third inning. St. Louis staged a three-run rally against Willie Mays in the eighth but were stopped cold by relief hurler Vic Lombardi.

Defeat was St. Louis' sixth in 10 games at Pittsburgh and gave Pirates the season's edge 11-10.

Boston Red Sox, beating Washington Senators 6-4, last night maintained their one-game lead over the New York Yankees in the hot American pennant race. The Yankees had beaten Philadelphia Athletics 5-1 in a day game.

A four-run sixth inning gave the Sox a 6-0 lead, sufficient to slay off Washington's rallies in the seventh and eighth innings when starter Joe Dobson was relieved by Walt Masterson.

Before he was relieved, Dobson singled home the last run of the big Sox sixth following Hilda Tebbets' two-run single. Earlier in the sixth Vern Stephens drove in Johnny Pesky.

Red Sox stretched their winning streak to 11 games, longest in the big leagues this year.

Both Boston and New York have

games left. At Chicago Joe Gordon's ninth-inning single scored Lou Boudreau with the winning run as Cleveland Indians defeated Chicago White Sox 3-2. Victory pulled the Tribe within two games of third-place Detroit.

Yanks were still boiling with a charge that umpire Bill Grieve "blow" the big decision in Monday's game with Boston. Shortly after hearing of the result of \$500 in fines for three of their players, the Yankees ripped into Grieve for three big runs in the third inning.

After that outburst they were cooled off by little Bobby Shantz, Connie Mack's pitifully left-handed who allowed only one hit in 2.5 innings.

Meanwhile Vic Raschi scored the Tribe victory, allowing only four hits. He was in serious trouble only in the sixth inning.

The daytime National League game was a 5-4 victory for Cincinnati Reds over the last-place Chicago Cubs, enabling the Reds to hit on to seventh place. A Chicago victory would have tied the teams.

VITAL COG in Boston Red Sox machine as they drove to top in American league was catcher Birdie Tebbets. He belted out a two-run single yesterday to help Sox top Washington 6-4.

DAILY DOUBLE

Woody Strode Missed Rose Bowl Game by Two Yards

By HUGH WATSON

Two yards to go for a touchdown. First down, three more to come. Six points mean the Rose Bowl trip.

That was back 10 years ago. Woody Strode, Calgary Stampeder's fleet pass-catching end, was playing for University of California against University of Southern California.

The ball was resting on University of Southern Cal's two-yard stripe. Score was tied-6-6.

Three plungers over the line went for naught. Fourth down was a pass—a slippery time tricking off the receiver's fingers.

Strode and Co. let their big chance slip through their fingers as USC took possession. And kicked out of danger. That was the closest. Woodrow Wilson (named after the president 20 years back) over came to the famous Rose Bowl.

The game ended in a scoreless tie. But USC got the nod when New Year's Day rolled 'round. A panel of experts picked the southern as the stronger team, and Woody's hopes went out the window.

IT WAS A GOOD TEAM
"It was a disappointment," he'll confess. "We had a good team. Only two men turned out for USC. We had to go to a 14-14 draw."

Woody likes to tell about that one, too. Jackie Rutan, Calgary Stampeder's leading passer, was trying to lead his Dodgers into a pennant. Interested in a pass in the last minute of play to score for a TD.

But as he says, that was 10 years ago. Strode no longer thinks in terms of the Rose Bowl. Now it's the Grey Cup, a power struggle the Stampeder's picked up last year in Toronto.

We asked the big six foot, four inch speedster to see the Stampede chances this year.

"I think we'll take it," he replied. "But football is an uncertain business. You can beat a team by 60 points and still lose come around the next and lose by one point. It's always happening."

Married, and the father of two children, a boy and a girl, Strode admits all his income is "a little chicken racket."

"In the old one in my family who hasn't got a profession," he explains. "Chickens are a good business down south. We've set up a pretty fair sized ranch just outside Monctoneville, Calif."

THREE MORE YEARS
The minute football is over for the year, Strode turns to the wrestling work. He's got the build for it. A wiry build and good, strong hands—the same pair of mitts that caused Edmonton's and the rest of the Conference teams a lot of anxious moments.

Strode figures he has about three more years left in football. By that time, he says, his legs will begin to slow up.

"Playing against the 19-year-olds is hard work for an old guy like me," he says. "The youngsters have a lot of stamina. I sort of pace myself now, running hard only when I have to."

Looking for some inside information, we asked Strode the score of last Saturday's Edmonton-Calgary clash.

"Don't know the score," he said. "But we'll win. You can count on that."

We'll count on it.

Bonspiel Entries Close Friday

Entries in the Associated Canadian Travelers car bonspiel close Friday. And indications are that the required 128 entries will be entered by that time.

Included among those already entered are Leo Johnson of Winnipeg, George Duncan from Grande Prairie, and William Murray of Edmonton. Jack Rutan of Calgary and J. Lodes from Viking are also in the hunt for money cars, as are Don Linsaker from Dawson Creek and Bertha F. Brantley.

Proceeds from thespiel will go to the Northern Alberta Crippled Children's Fund.

High Prairie Board

HERG PRABHIE, Sept. 28.—President L. C. Ferguson, High Prairie, has been elected to the board of trade announced that a meeting will be held on Oct. 4th at 7:30 p.m.

BIG REASON Why Woody Strode, Calgary Stampeder's pass-snatching end, manages to slip away for touchdowns are those two big feet looming out of above photo. Strode grappled to draw with Jerry Meeker on last night's wrestling card at Stock Pavilion.

Cardiff Giant Puts Crusher on McGill

You'll undoubtedly find differences of opinion, but the official verdict on last night's main event at the Stock Pavilion was The Cardiff Giant by a unanimously unpopular decision.

Irish Pat McGill was the victim succumbing to the Giant's fierce Cobra hold. McGill was out cold for 20 minutes before finally coming around and inquiring, "Where the hell am I?"

Scheduled as a best-two-out-of-three affair, the Giant cut it short. McGill, nursing a sore neck, was unable to continue.

"I'll get him next time," vows Patrick.

Woody Strode of Calgary Stampeder football fame fought up to

draw with Jerry Meeker in the special event.

In the real, villainous Lou Neenan beat Lou Ryberg on two straight falls, using a back-breaker to good advantage.

Stan Moyer ON SPORT

Stan Moyer has left for a week's holiday, and today's guest column is by Charles MacFarlane, Bulletin city editor.

A Young Man Named Jeeter

This is the story of one Jeeter DePeyer, a virile young man of the Kentucky DePeyers, born and bred in the land of blue bloods and corn likers.

The legend of Jeeter came to pass around a noggin of brew in a Toronto bistro one evening when Jim (Toronto Globe & Mail) Coleman was holding forth on a distinguished audience which included Edmonton's Loquacious Lithuanian, Annis Stulius.

Seems the talk in some way or other got around to football players, the fact that Jeeter played four years senior ball without knowing people got paid for name, and the fact that Jim Thorpe, the famed Caribbe Indian, was the best footballer ever produced.

Some gooks, it seemed, really believed the legend of Thorpe, and hadn't mind you, even heard of Jeeter.

Any simpleton who ever saw Jeeter in action would acknowledge Thorpe in the same class.

The youngest of the DePeyer clan was discovered by a pro football coach, one Moose Grady, who was taking an ulcer cure in the hills of Kentucky.

Moose was sitting at the crest of the mountain road counting the corn-whisky stills he could see from this vantage point, when a huge man came plodding along the road.

The man was unusual inasmuch as he was carrying a full-grown horse on his shoulders. And the man was Jeeter.

Jeeter explained to Moose that some times the horse carried him. But it just so happened that it was Jeeter's turn to carry the horse, which was named Tony.

DePeyer explained further that before owning Tony he owned a mare named Winnie but sold her. Seemed that after Winnie foaled she expected Jeeter to carry her (her foal) as well as herself. Jeeter got peeved. Not even in Kentucky could a mare expect to get away with that.

Shoeless Jeeter Takes Up Football

Anyhow, Grady (who was then coaching a football aggregation from Louisville) gently persuaded Jeeter to leave his horsey haunts, and gently led him by the hand to Louisville where he became a sensation on the gridiron.

In his first scrimmage he sent six of his mates to the infirmary ward and was immediately banned to scrimmage by himself in the boiler room of Louisville's town hall.

Now Grady had only one worry.

Jeeter refused to wear shoes. Not even for football games would he be shod.

But this did not hinder the broganless young giant from Kentucky's hills. He played for six TD's in his first game.

Louisville sauntered through its six-game schedule with ridiculous ease.

Jeeter was a sensation.

Then came the championship game against Couer D'Alene on which the good burghers of Louisville bet the family boogie.

The game was played in Couer D'Alene and Grady decided to keep Jeeter under wraps for the first half.

And our Louisville boys trailed by a converted touchdown and field goal when the gun sounded for the half.

As play resumed Jeeter was tossed into the fry, still brogan-less.

He was elected to carry the ball on the first running play of the half.

Dirty Work During the Change-Over

He took four strides downhill, was clear of the line in no time, but suddenly fell flat on his face, howling with pain.

Jeeter folded like a tent and was carried from the field.

Seems that during half-time, the wily coach of Couer D'Alene (his name was Lear) ordered the sidelines and yardage stripes be freshly marked.

This was done, not with whitewash or powder, but with lychee which burned large holes in the bottoms of Jeeter DePeyer's bare toes.

Without Jeeter, Louisville was hopelessly outclassed.

The citizens of Louisville were financially ruined as Couer D'Alene rolled to a 41-5 victory.

And Moose Grady headed for the hills to drink himself to death. This took him 16 years of steady toping.

Jeeter, completely dishonored, returned to help-toreed Tony and the blue blood hills. Last heard from, Jeeter was employed by the U.S. Forestry department.

He was evidently back in good condition.

He was stomping out forest fires for the U.S. with his bare feet.

Take off your shoes Radovich, I dare you.

LEAFS vs. EAC TONIGHT

Football Fans Back Juniors

Edmonton's football patrons are real fine people.

That was the gist of a press release received yesterday from Jack Reilly, supervisor of athletics for the Recreation Commission and director of the local junior football league.

Reilly goes on to say that he is thankful for the support rendered the juniors.

And between the lines is the hope that the customers will keep beating a steady path to Clarke Stadium, especially tonight when Maple Leafs play EAC at 8:30.

Outlookers: pink Leafs to trounce the Clowns again. But EAC coach, Bill Kirkwood is optimistic and predicts that his outfit will win by a touchdown.

Main fault with EAC, according to pink-bloods, is their offensive aerial offensive.

PAT WEST In "Big Ten"

Ace Stamp Kicker Atop Point List

WINNIPEG, Sept. 28.—(CP)—A nine-point effort last week-end has topped the list of Vern Graham of Calgary Stampers in the Western International Football union scoring race.

The Calgary brew-horn now has totaled 21 points in six games, statistics compiled by the Canadian Press show. His total-made up from one touchdown, four field goals and 14 conversions—a six points better than that of Sammy Pierce, Saskatchewan Roughriders, plunging backfield runner from Baylor University. Pierce's 28 points came from five touchdowns.

Tied for third spot are two ends, Woody Strode, Calgary and Matt Ambrose of Riders and formerly with Ottawa Rough Riders. Each has scored four touchdowns for 20 points.

Another former easterner, Pat Santucci of Riders, last year with Hamilton Tigers, is next with 16 points, while Calgary's Harry Hood and Superstar Anderson and Riders' Del Warden follow with 15 points.

Bob Sandberg of the last-place Winnipeg Blue Bombers has totaled 12 points, good for ninth position, while Pat West of Edmonton Eskimos rounds out the "Big Ten" with 11 points.

THOSE MIGHTY STAMPS Demolition champion Stampers, with six straight victories, dominated the team scoring, totaling 148 points as compared to 29 scored against them. The second-place Riders, with a 4-3 record, are the only other club on the right side of the scoring ledger, totaling 40 points for and 55 against.

Edmonton Flyers began to round into shape today with the signing of two holdovers from last year.

Frank Curtis announced last night that both Andy Clovichok and Alex Tringola have put their "20th Henry" on the dotted line.

Flyers will have all but three of last year's team back in the lineup.

But Clovichok, who accompanied Colin Kilburn to the Montreal Canadiens' training camp, will book up with Cincinnati, a Montreal farm team.

Keith Woodall is scheduled for a goading job in England, and Henry himself plans to take over coaching duties of the EAC junior hockey club.

Word from the rink says that Ray Frederick will definitely be with Edmonton for the full year.

Previously, reports had the team corner headed for Pittsburgh Hockey in the American Hockey League as a reinforcement for last season.

If the finding units at the Arena finally start clicking on all cylinders, coach Frank Curtis will probably have the first skating session tonight.

ANDY CLOVICHOK ... took contract.

Hoop Meeting

A meeting to organize a junior basketball league will be held in the Recreation Centre tonight at 8 o'clock.

LOS ANGELES, Sept. 28.—(AP)—Los Angeles Monarchs of the Pacific Coast Hockey League yesterday acquired another star player from Tulsa Oilers of the United States Hockey League.

Here's Answer To Grid Squabble

Recommends Mixture Of American, Canadian Rules

MONTREAL, Sept. 28.—(CP)—Which are better, Canadian or American rugby football rules?

Associate Professor John J. (Jack) Edwards of Queen's University, Kingston, Ont., has just completed a survey of both. His survey shows that the Canadian game is easier to learn and play than the American game. He also found that the Canadian game is more exciting to watch than the American game.

1. The Canadian game is easier to learn and play than the American game. 2. The Canadian game is more exciting to watch than the American game. 3. The Canadian game is more popular in Canada than the American game.

4. The Canadian game is more popular in the United States than the American game. 5. The Canadian game is more popular in Europe than the American game. 6. The Canadian game is more popular in Australia than the American game.

CHUCK ANDERSON Loves that game.

Chuck Anderson Going Great Guns

By W. R. Whitley

MONTREAL, Sept. 28.—(CP)—Big Chuck Anderson, Montreal Alouettes' clever Negro end, can take his football to leave it alone. But he hates to leave it alone.

When the class-middling Anderson's football playing days are over—he is coaching 25—he hopes to be a coach or physical education instructor. He was a high school athlete in his native Mississippi, Ohio, and at Ohio State University. He played basketball, basketball and had four years of tough professional football in the United States before joining the Canadian Stomperettes in 1945.

JETHROE BRILLIANT

Montreal Royals Take International Crown

MONTREAL, Sept. 28.—(CP)—Montreal Royals last night smashed Buffalo Blues in five games—four of them in a row—to win the International League's post-season play-off for the Governors' Cup and the right to meet the American Association's top team in the Little World Series.

HORNETS-LEAFS PLAN BENEFIT FOR BASTIEN

NEW YORK, Sept. 28.—(CP)—The Pittsburgh Hornets will play Pittsburgh Hornets in a "Bastien Night" benefit hockey game in Pittsburgh Oct. 17. It was announced yesterday.

All proceeds from the game will go to Bastien, former star Pittsburgh goalie blinded in one eye as a result of an injury suffered during practice earlier this month. Bastien's eye was removed in an operation following the injury.

35-Year-Old Echo Heard In Boston

BOSTON, Sept. 28.—(AP)—Clubs of "Miracle Men" bailing the Red Sox out of the "Miracle Men" American League yesterday sounded an echo to Boston fans—an echo 25 years away.

That's what they called the "Miracle Men" of 1914 when they came from last place—10 games back on July 4—to win the National League pennant. And that's what they are calling Manager Joe McCarthy's Red Sox today when they have 15 to 10 over the Yankees.

McCarthy's men were 22 games off the pace on the "Fourth," the traditional date when baseball fans usually take stock and count the chips.

It was New York and Boston—Gains and Braves—down to the wire in 1914; and 10 New York and Boston again this time. The real of the picture was much the same, too, with New York 10 from victory virtually all the way.

Cards To Accept Ticket Orders

ST. LOUIS, Sept. 28.—(AP)—St. Louis Cardinals will accept orders for World Series tickets beginning Thursday, the club announced yesterday.

EX-HAWK COACH FORSEES WIDER PUCK SCOPE

MOOSE JAW, Sask., Sept. 28.—(CP)—Johnny Gittinger, former coach of Chicago Black Hawks of NHL, suggested in an address yesterday before a service club that the time is coming when greater emphasis will be placed on hockey coaching in Canada.

Attending Hawks, western amateur hockey school, he said he hoped the Hawks would be the first big league club to introduce hockey coaching in Canadian schools.

Black Hawk executive said hockey is fast becoming a universal game, and predicted if it had as long a schedule as the NHL would outdraw major league baseball.

Plan Dream Race in East

TORONTO, Sept. 28.—(CP)—Fred Orpen, owner of Toronto's Huron race track, plans what he calls a "Dream Race" for his long branch race meeting opening.

Owners and trainers of Canadian-owned horses will submit their own conditions for the race, to be run Monday, Oct. 17. Orpen only stipulates are that there must be at least 10 starters and the race must not be exclusively for non-winners.

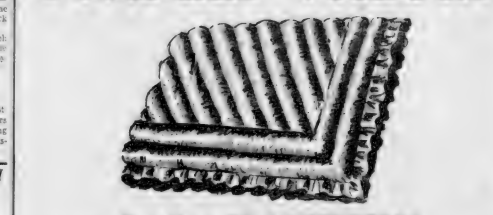

A purse of \$500 is offered for the winner of the race, plus \$100 to that owner or trainer if his horse wins the race. This is in addition to the regular purse. "I am serious about this thing," Orpen said yesterday. "Horsemen have been complaining for years that racing secretaries don't write the right kind of conditions. So we are going to give them a chance to make their own conditions."

MONTREAL, Sept. 28.—(CP)—Gordon Groves (Maurice) Chamberlain, who announced his retirement from the National Hockey League a month ago, has been reinstated as an amateur, league officials said yesterday.

He said on his reinstatement that he might join St. Louis University of the Cape Breton center in the 1949-50 season.

NUTS, screws, bolts, sparkplugs, distributors and 101 other mechanical things do not face mechanic and fabric worker Mrs. Rose Petrie, of 12245-80 street. Rose has been doing an expert job on plane engines and fuselages since early in the war when she took a civilian training course. Employed by United Aviation Company, daily she welds a spanner or a "dope" brush with best in her business.

DON STANLEY IS ELECTED AT REGINA

With a new Edmonton hockey player and provincial railway engineer of Alberta, Don Stanley was elected president of the Western Canada Water and Sewage conference.

Elections were held at the conference in Regina.

Other Albertans elected to the executive are W. E. Robinson and F. E. Baskin, both of Calgary, who were named directors.

Papers Meet Responsibilities

A good newspaper's aim is to be a service to the community and to maintain its moral standard.

Both responsibilities are being met by the newspapers of Edmonton.

This assertion was made yesterday by H. L. Straight, editor and publisher of the Bulletin, at a luncheon meeting of the South Star Kiwanis in the King Edward Hotel.

Mr. Straight was speaking in conjunction with National Newspaper Week.

The growth of Edmonton, he said, could be measured by his newspaper.

"It is my belief that the city is the growing frontier of the newspaper field."

It was also the publisher's contention that Canadian newspapers are world leaders in the factual presentation of news.

Introducing the guest speaker was Norm Maclellan, president of the club.

City Man Jailed For Indecency

An Edmonton man was sentenced to six months hard labor in Port Beakston prison, when he pleaded guilty to a charge of contributing to juvenile delinquency in police court yesterday.

John Koeler, 364 102A avenue, was arrested following an incident at the city hall.

On April 30 of this year Koeler was convicted on two similar offences.

YOUNGSTERS at Kiwanis Children's Home get as much fun out of digging potatoes as they do playing ball. Thirty-two kiddies at 120 street home live normal, happy lives, thanks to Edmonton Kiwanis Club. You'll be asked to help them by buying an apple Saturday.

CLASSROOM TEDIUM was left behind in Toronto when 22-year-old Mary Hickey decided she didn't like teaching. Took a course there and landed a stenographer's job. Moved one month ago to Edmonton and now has chair as stenographer in Canadian Pacific Air Lines operations department. "I love Edmonton!" exclaimed Miss Hickey who lives at 11133-88 avenue with her 10-year-old sister who is a nurse.

Noisy Airport Doesn't Bother Pretty Girls

By J. V. O'Neill
Bulletin Staff Reporter

Almost every industry has one or more characteristic sound identifying its nature.

Far from quiet are the industrial sounds daily backgrounding operations of various services and occupations at the Edmonton Airport.

The girls will tell you that.

Many of them add to the din, and not without obvious pleasure.

For instance in the numerous offices one can hear the clack-clack of typewriters.

"There is nothing unusual in the sound of a typewriter, but the sound of a typewriter operating successfully at the airport depends largely upon the stenographer's response to the scolding drone of a human Harvard or the thundering vibration from the roaring power plants of a huge four-motor C-54.

The female serenity of the various industries at the airport are very much awake, and the noise don't bother them, most of them say.

Take Marjorie Oliver for instance.

Her flying duties cover a lot of correspondence in her first job as secretary-assistant at the Edmonton Flying Club.

Now 22 years of age, Miss Oliver has become thoroughly accustomed to the airport's industrial sounds in the 18 months she's been with the Edmonton Flying Club.

As an aviation clerical worker she says her greatest impression is the carefree informality of flyers generally.

"I like my job," says Marjorie.

Vivian noise are like music to me," says Sandra Wickstrom, 11300-77 avenue.

Miss Wickstrom is a passenger agent with Trans-Canada Airlines and she can tell you it's not very weighty—that is, your baggage of course.

Formerly from Winnipeg where she was a stenographer with the RCMP, Miss Wickstrom expressed enthusiasm for her work and admiration of the intensity of the airport.

"One needs so many interesting people," she said.

LOVES EDMONTON

Teaching school at Toronto held little appeal for pretty 20-year-old Mary Hickey and she went to happy home in Winnipeg.

Mary's been here two months and

she's vastly interested in her new job as a stenographer with Canadian Pacific Air Lines.

"This airport is terrific compared to Toronto," she exclaimed.

"I love Edmonton," exclaimed Mary.

Home product is Violet Mercer, 21, who was schooled here at Greenwood, Parkdale and Greenwood High. She took stenography and now is putting it to work in CPA's operations department. Via home is 11317-11 street.

SKILLFUL FEMALES

The lovely male has his ego deflated when he watches skillful Mrs. Rose Petrie, 12245-80 street, hew an auto engine.

"They call us dopesters—or may be just dope," said Mrs. Petrie, explaining that "dope" is a sort of chemical used in reinforcing and igniting fabric covering of air plane wings.

Mrs. Petrie has worked on all parts of many types of planes. She was one of many women from Edmonton who took an aero mechanic course early in the last war.

Plan Drive

A drive for more members in the Air Cadets Parents' Association was approved and a committee named to set the drive in motion. It was announced today by Louise Upright, president.

The committee includes J. McNeill, J. L'Amour and W. N. Loewen.

Military Note

The Local Edmonton Regiment will parade at Prince of Wales Armories at 8 p.m. Thursday. Dress: Battledress, belt, web belt, boots and puttees.

CBC Meeting

OTTAWA, Sept. 28.—(UPI)—The board of governors of the Canadian Broadcasting Corporation will hold its next meeting in Winnipeg on Oct. 17-18. It was announced today.

COP WARNS AGAINST GREEN-EYED WOMEN

Know any ladies with green eyes, men? If you do, look out!

One of the most experienced detectives on the city force (who prefers to remain anonymous) warns that feline-eyed females are bad business.

"I've seen more men running away from green-eyed girls than all others put together," he says.

"Some of them seem to be more than the boys can handle.

"They drive them to drink and all kinds of desperate actions."

"In many cases they seem to be too possessive and emotional," he continued.

Kiwanis Ask Support For Apple Day Here

By John McLean
Bulletin Staff Reporter

An apple a day keeps the doctor away.

That's what they say anyway.

But apples do much more than that in Edmonton.

They help bring happiness to business children.

They open doors of kindness, health and learning to little kids who've been kicked in the face by fate.

When you buy an apple from a member of the Kiwanis Club Saturday you're helping to make a youngster smile and laugh again.

For Saturday is Edmonton Kiwanis Club's apple day, a tag day that doesn't hurt.

The Kiwanians hope to sell 12,000 cases of apples. They hope to realize at least \$12,000.

The \$12,000 will go to help run their Kiwanis Children's Home, a home away from home where underprivileged youngsters are taught to live and love and learn.

It costs Kiwanians \$20,000 annually to keep up their children's home.

Every apple counts.

SHARE IN HAPPINESS

When you buy an apple on Saturday you'll be buying a share in some kids' future, a share who wouldn't have a chance without your help.

The little guys and gals out at the Kiwanis home on 120 street are just normal kids.

They play football and basketball.

**City Man Fined
For Intoxication**

George Holton, 15110 120 avenue, was fined \$200 or three months in jail when he appeared in police court yesterday, charged with intoxication. It was his second offense.

Holton attributed his drinking to family troubles.

CRIME DOESN'T PAY agrees Miss Sedora Wickstrom from whose previous job was as a stenographer with the RCMP at Winnipeg. As part of her present duties as passenger agent with Trans-Canada Airlines, Miss Wickstrom, daily arranges flight plans for air travellers, says she's delighted in her work and especially holiday travel pass which is extended to employees.

FLYING FINGERBITTES of Violet Mercer mercilessly maul four-manual mill daily at operations department of Canadian Pacific Air Lines. A stenographer's work is pretty much of a pattern in most places but at Edmonton airport it's big thrills, says Miss Vi. An all-Edmonton product living at 11317-81 street, Vi says she likes the roar of planes.

Auditorium Moves Near Reality Following Meeting

Plans for Edmonton's proposed new civic auditorium moved closer to reality yesterday at a meeting of city council's auditorium committee and representatives of the citizens' auditorium committee.

They came out of a haze of uncertainty and inconclusive discussion to take on actually along these lines:

1. Total cost of the auditorium will be \$15 million, the amount of the money to be raised by Nov. 30—provided the provincial board of utilities commissioners approves.

2. It will seat approximately 2,500, considered adequate for Edmonton. Members pointed to Mackay Hall in Toronto, which seats only 2,500, as an example of practice in other cities. Tom Baker, chairman of the citizens' committee, said it would be better to have several nights' run of outstanding attractions in the auditorium rather than build a much larger building and have it only partially filled for a majority of public appearances.

3. Following in general a plan prepared several years ago by city architect Max Dowse, the auditorium will be a theatre-type building with a minimum of stage and theatre installations, together with such auxiliary facilities as can be provided. Committee's idea is to make provision for building expansion later, if it is desired.

4. Plans will incorporate the best features of similar buildings in operation in various other Canadian and U.S. cities.

5. The structure will be erected on an appropriate location connected to be on the civic centre location was not defined.

Mayor Harry Ainlay suggested the auditorium (which he would prefer to have called "civic theatre" because "auditorium" conveys a false impression of its purpose) will need a full city block and said putting it on the civic centre area will provide additional parking space, incorporated in the tentative plans, which can be linked with after-business-hours use of market space parking space, to get two uses of the same area.

While only rough plans have yet been prepared, the building, it is understood, will be attractively finished outside with a combination of masonry, concrete, brick, stone and tile.

Jack McClinton, Calgary, was injured in the accident and is suing. Jack Skorek, Miller, driver of the car.

McClinton was a passenger on a motorcycle belonging to E. C. Tregale.

Injuries he received included fractured suprasternal tendons, deep lacerations, shock, bruises and abrasions.

**Injured Man
Asks \$6,543**

Collusion between a motorcycle and an auto has resulted in a \$6,543 suit for damages filed in supreme court.

Accident occurred in June at the corner of 36 street and 107A avenue.

YOUNGSTERS at Kiwanis Children's Home get as much fun out of digging potatoes as they do playing ball. Thirty-two kiddies at 120 street home live normal, happy lives, thanks to Edmonton Kiwanis Club. You'll be asked to help them by buying an apple Saturday.

STRASSER HALL, home's recreation centre, provides modern, bright workshop for underprivileged children. Mrs. Jacqueline Rutter shows girls how to make tiny figures of plaster of Paris. Building contains big gymnasium where youngsters play basketball, other games and build strong, healthy bodies and minds.

CHILDREN are encouraged to join in all games at Kiwanis Home. Matron Margaret Cox says "We try to make it like a real home. Youngsters attend city schools, see picture shows and aren't bound by two many rules." Here healthy little fellows line up for scrum football game on grounds which daily ring to sounds of happy youngsters at work.

DOROTHY DIX SAYS

College Girl Should Shake Off Old Love

DEAR MISS DIX: Will you please do us girls a favor: I am sure there are plenty in the same boat with me, wishing some one would give our boy friend a jar.

Guild Exhibit To Be In Convocation Hall
Annual Fall Display To Be Held Nov. 12, Craft Members Decide

Annual fall display and sale of work sponsored by Canadian Handicrafts Guild, Edmonton branch, will be held in Convocation Hall Nov. 12. This was decided at the first fall meeting held yesterday afternoon at the Museum of Arts. Mrs. A. G. Douglas presided and welcomed as special guests members of the Fort Saskatchewan Guild. Edmonton members were present at the first fall year when that branch was organized.

BRIEF PREPARED
The president announced the executive had prepared a brief on handicrafts to be presented before the Royal Commission on Arts and Science meeting in Edmonton in October.

Mrs. Douglas reported on the provincial handicraft meeting she attended at the summer meeting.

Mrs. A. G. Douglas presided and welcomed as special guests members of the Fort Saskatchewan Guild. Edmonton members were present at the first fall year when that branch was organized.

Satisfaction Expressed With Town's System Of Financing

EDSON, Sept. 28.—Constable Harry Fletcher, who has been with the Edson town police for the past year, will leave Edson Sept. 30 to take a position with the highway traffic board.

It is understood that he will be posted at Lethbridge for the time being.

The big boy will be missed since it was customary to have some newcomer to the town ask the standard question "How much does he weigh?" He weighs around 230 pounds and stands a little over six feet two.

Red Deer school districts will meet at Red Deer on Oct. 17 and 18 with George A. Taylor, of Rocky Mountain House, as guest speaker. Mr. Rogers, Red Deer secretary.

Speakers will be George Selkirk and D. T. Giviss, representing the Alberta Teachers' Association; R. C. Anley, secretary of the Alberta Teachers' association; and the divisional superintendents: Mr. J. H. McVicar, divisional superintendent; H. R. Ross, Ponoka; F. Devereil, Rocky Mountain House; L. D. Aikenhead, Lethbridge; and L. A. Thurber, Red Deer.

WESTLOK, Sept. 28.—A proposal for a strike and boycott has been put forward by the 100 members, members of the board of trade will volunteer their services in a one-day campaign to number every house in the town. At the meeting Com. W. O. Brace RCMP, spoke on juvenile delinquency and stressed the need for classes in physical training for boys.

H. E. Anderson outlined plans for development of the project of establishing a youth centre.

This program schedule is published as received by The Bulletin and any changes are the result of last-minute alterations on the part of the radio station.

These songs from Hanna Ullrich's album, *Intermittent*, are 1-14, 16-18, 20-21, 23-24, 26-27, 29-30, 32-33, 35-36, 38-39, 41-42, 44-45, 47-48, 50-51, 53-54, 56-57, 59-60, 62-63, 65-66, 68-69, 71-72, 74-75, 77-78, 80-81, 83-84, 86-87, 89-90, 92-93, 95-96, 98-99, 101-102, 104-105, 107-108, 110-111, 113-114, 116-117, 119-120, 122-123, 125-126, 128-129, 131-132, 134-135, 137-138, 140-141, 143-144, 146-147, 149-150, 152-153, 155-156, 158-159, 161-162, 164-165, 167-168, 170-171, 173-174, 176-177, 179-180, 182-183, 185-186, 188-189, 191-192, 194-195, 197-198, 200-201, 203-204, 206-207, 209-210, 212-213, 215-216, 218-219, 221-222, 224-225, 227-228, 230-231, 233-234, 236-237, 239-240, 242-243, 245-246, 248-249, 251-252, 254-255, 257-258, 260-261, 263-264, 266-267, 269-270, 272-273, 275-276, 278-279, 281-282, 284-285, 287-288, 290-291, 293-294, 296-297, 299-300, 302-303, 305-306, 308-309, 311-312, 314-315, 317-318, 320-321, 323-324, 326-327, 329-330, 332-333, 335-336, 338-339, 341-342, 344-345, 347-348, 350-351, 353-354, 356-357, 359-360, 362-363, 365-366, 368-369, 371-372, 374-375, 377-378, 380-381, 383-384, 386-387, 389-390, 392-393, 395-396, 398-399, 401-402, 404-405, 407-408, 410-411, 413-414, 416-417, 419-420, 422-423, 425-426, 428-429, 431-432, 434-435, 437-438, 440-441, 443-444, 446-447, 449-450, 452-453, 455-456, 458-459, 461-462, 464-465, 467-468, 470-471, 473-474, 476-477, 479-480, 482-483, 485-486, 488-489, 491-492, 494-495, 497-498, 500-501, 503-504, 506-507, 509-510, 512-513, 515-516, 518-519, 521-522, 524-525, 527-528, 530-531, 533-534, 536-537, 539-540, 542-543, 545-546, 548-549, 551-552, 554-555, 557-558, 560-561, 563-564, 566-567, 569-570, 572-573, 575-576, 578-579, 581-582, 584-585, 587-588, 590-591, 593-594, 596-597, 599-600, 602-603, 605-606, 608-609, 611-612, 614-615, 617-618, 620-621, 623-624, 626-627, 629-630, 632-633, 635-636, 638-639, 641-642, 644-645, 647-648, 650-651, 653-654, 656-657, 659-660, 662-663, 665-666, 668-669, 671-672, 674-675, 677-678, 680-681, 683-684, 686-687, 689-690, 692-693, 695-696, 698-699, 701-702, 704-705, 707-708, 710-711, 713-714, 716-717, 719-720, 722-723, 725-726, 728-729, 731-732, 734-735, 737-738, 740-741, 743-744, 746-747, 749-750, 752-753, 755-756, 758-759, 761-762, 764-765, 767-768, 770-771, 773-774, 776-777, 779-780, 782-783, 785-786, 788-789, 791-792, 794-795, 797-798, 800-801, 803-804, 806-807, 809-810, 812-813, 815-816, 818-819, 821-822, 824-825, 827-828, 830-831, 833-834, 836-837, 839-840, 842-843, 845-846, 848-849, 851-852, 854-855, 857-858, 860-861, 863-864, 866-867, 869-870, 872-873, 875-876, 878-879, 881-882, 884-885, 887-888, 890-891, 893-894, 896-897, 899-900, 902-903, 905-906, 908-909, 911-912, 914-915, 917-918, 920-921, 923-924, 926-927, 929-930, 932-933, 935-936, 938-939, 941-942, 944-945, 947-948, 950-951, 953-954, 956-957, 959-960, 962-963, 965-966, 968-969, 971-972, 974-975, 977-978, 980-981, 983-984, 986-987, 989-990, 992-993, 995-996, 998-999, 1001-1002, 1004-1005, 1007-1008, 1010-1011, 1013-1014, 1016-1017, 1019-1020, 1022-1023, 1025-1026, 1028-1029, 1031-1032, 1034-1035, 1037-1038, 1040-1041, 1043-1044, 1046-1047, 1049-1050, 1052-1053, 1055-1056, 1058-1059, 1061-1062, 1064-1065, 1067-1068, 1070-1071, 1073-1074, 1076-1077, 1079-1080, 1082-1083, 1085-1086, 1088-1089, 1091-1092, 1094-1095, 1097-1098, 1100-1101, 1103-1104, 1106-1107, 1109-1110, 1112-1113, 1115-1116, 1118-1119, 1121-1122, 1124-1125, 1127-1128, 1130-1131, 1133-1134, 1136-1137, 1139-1140, 1142-1143, 1145-1146, 1148-1149, 1151-1152, 1154-1155, 1157-1158, 1160-1161, 1163-1164, 1166-1167, 1169-1170, 1172-1173, 1175-1176, 1178-1179, 1181-1182, 1184-1185, 1187-1188, 1190-1191, 1193-1194, 1196-1197, 1199-1200, 1202-1203, 1205-1206, 1208-1209, 1211-1212, 1214-1215, 1217-1218, 1220-1221, 1223-1224, 1226-1227, 1229-1230, 1232-1233, 1235-1236, 1238-1239, 1241-1242, 1244-1245, 1247-1248, 1250-1251, 1253-1254, 1256-1257, 1259-1260, 1262-1263, 1265-1266, 1268-1269, 1271-1272, 1274-1275, 1277-1278, 1280-1281, 1283-1284, 1286-1287, 1289-1290, 1292-1293, 1295-1296, 1298-1299, 1301-1302, 1304-1305, 1307-1308, 1310-1311, 1313-1314, 1316-1317, 1319-

appearance of the lowered H₂O and though the exterior is a pretty well swathed in scaffold the outline of things-to-be built is to be apparent.

Intrance, placed on the corner will be a recessed vestibule with either side of the entrance will be washrooms available in the public area.

The hotel office will be situated in the center of the building and will be surrounded. Those will be re-serviced and the main stairway will be enclosed.

CANADA NEEDS HEALTHY RAILWAYS TO SERVE HER PEOPLE

THEY are the veins and arteries of Canada's life. . . . They bring the supplies which every city, town and village home—and every farm—must have to eat, keep warm, and work. . . . And they take to market the products of men's labour.

So, summer and winter, as far ahead as anyone can see, they must do their part to safeguard the well-being and security of every single Canadian—even those too young to see a railway—even those not yet born. . . .

And, in the war, they became the nation's "fourth armed service", and did double duty.

You see, it is not enough for Canada's railways to be equipped for the ordinary. They must be prepared to cope also with the extra-ordinary, with emergencies.

All this takes long-term planning. Rolling stock cannot be built overnight, nor tracks, nor terminals. Nevertheless, Canada's railways must look ahead to be ready always for anything.

INNISFAIR, Sept. 28.—Prices return to normal, C-hatcheries will be capable of producing enough turkeys to meet domestic demands, it was stated by Ottawa officials at National Turkey Federation convention here today. Mr. and Mrs. E. W. prominent Innisfair breeders reported on their return.

Mr. Tester is president of Alberta Turkey Breeders' Association and attended the convention. He is also president of the Canadian Association of Hatchery Associations. He reported on the western section meetings at the convention. Don Manual, of Innisfair, was also present.

court branch of the Canadian Legion has been busy with repairs to the hall. Led by President Peter Komzuk, a volunteer work party raised the stage some two feet and put in new sides and curtains. Later improvements include leveling the floor of the building and weatherproofing the ceiling.

WHITE COURT, Sept. 28—Thrown from a horse, Gordon MacKinnon fractured his left arm and dislocated his wrist. Youthful friends helped him home where splinters were applied before he was taken to Mayerthorpe hospital by Ray Kimzey.

This advertisement is one of a series pointing out the railways' key place in Canada's economy. As Canada's largest builder of railway rolling stock and equipment, this company and its employees are directly concerned with the railway industry. Canadian Car & Foundry, operating eight modern plants, turns out thousands of railway cars of every type. The company is fully equipped to supply Canada's railways with the latest type passenger and freight cars to meet the growing needs of our expanding economy.
